## WATERSPOUT CREATES HAVOC

Austin, Texas, April 28.—[Special Telegram]—The rain over the state the past twenty-four hours has been the heaviest ever known and has not yet abated. Streams are out of their banks everywhere, the floods being the greatest in Central Texas.

The number of deaths reported is increasing. Up to noon nine bodies had been recovered at Waco.

The railroad tracks there are washed out and the bridges gone and many houses wrecked.

A nine foot raise on Trinity river at Fort Worth late this afternoon is reported and the people on the levee section are moving out to escape the overflow.

At Galveston there was an electrical rain storm, the severest in years and the streets are flooded to the curb. The lower part of Belton is under water and nine houses were washed away and four big bridges gone. All trains are annulled. Many school buildings and factories are washed away. One man drowned.

No trains have left Houston since yesterday morning.

A late dispatch from Waco places the loss of life at from twelve to fifteen and the damage at one hundred and fifty thousand dollars. Estimated loss to the state by flood and hurricane will reach from three to five million dollars.

Damage by Wind and Water.

Dallas, Texas, April 28.—Tremendous floods are again scouring Texas. Destructive winds are accompanying the rain torrents. A tornado visited the southern part of Johnson county, the northern part of Hill, and the eastern part of Bosque yesterday. It was destructive to property and several lives were lost. Complete reports are not obtainable on account of wires refusing to work.

A bulletin from Waco says a terrible flood disaster has occurred there. From six to ten lives have been lost, perhaps more. The Brazos river and its branches have overflowed.

News at 10 o'clock today is that immense loss of Missouri, Kansas and Texas railroad property has occurred in the vicinity of Smithville.

The town of Blum in Hill county, was partly destroyed. The public school building was wrecked and two pupils badly hurt. Several dwelling houses were also destroyed. The Baptist church was wrecked.

The force of the wind drove a scantling through the body of a daughter of Dr. Hanks, and she is dying.

The 3 year-old daughter of S. P. Hunt had both legs broken and is hurt internally. Her injuries are fatal.

The wife of Lacy Robinson was caught under their falling house and crushed so badly that she will die. Other persons were injured, but their names were not obtainable as there is so much confusion.

Swept by a Waterspout.

Deputy Sheriff McCloskey of the Blum district was called up over the telephone and said that a waterspout passed through the edge of the town. The storm came from the southeast and went to the northwest, just skirting the town.

It is believed that the waterspout was very destructive southeast of the town. The air for ten minutes seemed to be one solid sheet of water. The people in the town are reported panic-stricken and everything in confusion.

A telephone message from the village of Woodbury says that that town was also destroyed. Woodbury is off the line of rail and wire communication and it is not known if any lives were lost.

The town of Blum was literally torn in two. The schoolhouse and the Baptist church were destroyed. Three persons were reported killed and fifteen injured; some of the latter in the country. The wires are down and cables have not been procured.

The Missouri, Kansas and Texas and the Gulf Colorado and Santa Fe railroads report serious damage to bridges and roadbeds. All wire communication south of Hillsboro was lost at 8 o'clock last night, and it is not known at Dallas what the extent of the flood may be in Central and Southern Texas.

Air Line Into Sheboygan.

Sheboygan, Wis., April 28.—Jerry Donahue a well-known railroad man of this city, said today that the Chicago, Milwaukee and St. Paul railroad com-

pany will spend \$500,000 on an air line into Sheboygan as soon as the city accepts the proposition made to it by the company. The proposition of Roswell Miller of the Milwaukee company a few days ago arrived to day and is so satisfactory that there is no doubt that the Common council will accept at once.

## FOR COMPROMISE CANDIDATE

Republicans in Minor's District Trying to Break Deadlock.

Appleton, Wis., April 28.—The eighth district Republican congressional convention adjourned last night to May 2, after devoting the whole day to efforts to unite the Minor and Hutton factions on a compromise candidate. No ballot was taken, recesses and caucusing taking up the entire time. The nomination was offered to two Minor delegates, Mr. Fairchild of Green Bay and Mr. Haney of Kewaunee, but both refused. An effort is being made to give it to Peter R. Thom of Appleton, and the adjournment was voted so as to give him time to consider.

## WATSON SAYS HE IS "DEAD."

The Georgian Will Not Accept Populist  
Presidential Nomination.

Atlanta, Ga., April 28.—The action of Populist conventions in several northern states in endorsing Thomas E. Watson of Georgia, and naming him for the first place on the ticket has caused something of a stir in political circles all over the south. The association of Mr. Watson's name with his rumored re-entry into politics took the form, in one instance, of a report that he had decided to accept the nomination, and that he was considering who should present his name. Mr. Watson has stated several times that he was out of politics, but in view of recent rumors connecting him prominently with the Populist nomination the distinguished Georgian was asked for a final declaration. The following was received from Mr. Watson today: "Under no circumstances would I accept any nomination or office. Please number me among the politically dead, and let me henceforth rest in peace."

## HANNA WILL BE CHAIRMAN.

Direct Campaign.

Cleveland, April 28.—Gen. Charles F. Dick in an interview is quoted as saying that he felt certain that Senator Hanna would again accept the chairmanship of the national committee, and would direct McKinley's campaign for re-election. Asked as to what he thought of Admiral Dewey's candidacy, General Dick laughingly said:

"Well, I don't think very much about it. The Republicans and Democrats do not even consider Dewey's candidacy seriously."

Senator Hanna and General Dick left here early today for Pittsburgh, where they will attend a banquet tonight, after which they will start for Washington.

## Declare for a New Creed.

Boston, Mass., April 28.—John Willis Baer of Boston, the National Christian Endeavor secretary, a ruling elder in the Presbyterian church and a delegate to the ecumenical missionary conference, gave out this statement as to his views on the subject of Presbyterian creed revision: "From a viewpoint of ten years' work with young people, I favor a new creed, especially because revision of the old has been unsuccessfully attempted within ten years, and renewed agitation along the same line will certainly provoke strife and discord."

## Laymen's Inings.

New York, April 28.—Laymen have their turn in the ecumenical conference in Carnegie hall. ## HUGE RELIEF FUND BEGINS TO PILE UP

AID FOR THE HOMELESS AND  
SUFFERING AT OTTAWA.

Canadian General Government and Many Cities In This Country and In Canada Come to the Rescue With Contributions—Appalling Work of the Fire Fiend.

Ottawa, Ont., April 28.—Ottawa is today the scene of destitution which nothing but the kind hearts and ready purses of strangers can relieve. Eighteen thousand persons are homeless in this city and in Hull. Of these a large part are in pressing need of food and in many cases even of clothing which they have no means to provide for themselves.

Already a huge relief fund has begun to pile up and the expressions of good will which come from the United States and England as well as from Canadian cities with their contributions are cheering the workers for relief at home.

Government to the Rescue.

For the aid of the sufferers the government of the dominion decided to day, at a cabinet meeting, to contribute \$100,000. The city council of Ottawa has given \$10,000, and private contributions here will probably make this city's home relief fund \$1,000,000. The Ontario government has given \$25,000 and Toronto has promised the same amount. The Bank of Montreal telephoned that it was sending \$10,000. Private subscriptions to the amount of \$8,000 were secured to day with little effort.

Large sums have also been wired from London, England and New York has sent promises of big subscriptions. The Mayor of Ottawa has also received telegrams from mayors of many cities, including one from Mayor Maybury of Detroit, saying that private persons were preparing to send checks and that if it was desirable public subscriptions would be opened.

## Relief Committee Formed.

A relief committee has been formed by the citizens, and this, together with the Roman Catholic archbishops of Montreal and Ottawa, will make an appeal for relief to the country.

The condition of the homeless is such as to make the speediest action necessary. Probably 10,000 of them are mill men, factory hands, day laborers and their families, most of whom are utterly destitute. With many mouths to feed they have absolutely nothing at their control. Some of them escaped without even adequate clothing for daily wear. Two thousand people in Hull passed the night in the open air.

## Fire's Appalling Work.

The bare statement of the facts of the seventeen hours' fire, as they can now be summed up, are appalling. The total number of the houses and buildings burned in the two cities, is 2,400. Three thousand families are homeless. The losses, conservatively estimated, are \$17,000,000. The death list so far runs up to seven.

## MILWAUKEE GIRL ATTEMPTS SUICIDE

Led Astray By a Cream City Business  
Man She Follows Him to  
New York.

New York, Wis., April 28.—Miss Mae Williams of Milwaukee, Wis., attempted to commit suicide in a cab yesterday by taking carbolic acid. Sim H. Gimbel of Milwaukee, was with the girl at the time.

Miss Williams went to Milwaukee from Beaver Dam six years ago and obtained employment as a model in the cloak department of Gimbel Bros. of that city and Philadelphia.

There Sim H. Gimbel, who has an interest in the store and is the chief buyer of the firm, met her. They became very friendly, Gimbel lavishing silk dresses on her. For the past three years they have been seen together a great deal, the girl having resigned her position to be supported by Gimbel, who, it is claimed, kept her in the height of fashion and at one time conducted apartments for her in the Jumeau flats, one of the fashionable apartment houses of Milwaukee. Recently he fitted out for her a manicure department in the department store of Gimbel Bros., but the venture failed.

It is currently reported among Gimbel's friends and those of the girl that Gimbel has tired of her lately and has been trying to get rid of her, to which she has raised strenuous objections, and threatened to take her life if he deserted her at this time.

At any rate they were not seen together lately and when Gimbel came to New York to buy goods for his house, the girl followed on the following day. Gimbel stopped at the Imperial where Mae met him. There they took a cab, quarreled, and during the quarrel the girl tried to take poison. Gimbel ordered her driven to the New York hospital where he gave his name as F. Goldenmann. He has since disappeared in New York.

The girl is 24 years of age and is an attractive young woman. She had a good reputation when she went to Milwaukee several years ago.

## IT IS COUCHED IN PEREMPTORY TERMS

UNITED STATES NEAR AN ULTIMATUM TO TURKEY.

American Note to the Sultan Is Plainly Worded and Demands Immediate Payment to the Missionary Claims—Novel Proposition Made to Settle the Matter.

Constantinople, April 28.—The American note handed to the Turkish minister of foreign affairs, Tewfik Pasha, on Tuesday is couched in peremptory terms, demanding immediate payment of the indemnity several times promised to Minister Straus by the sultan. The note does not fix a time limit for an answer, but its tenor is not far from the character of an ultimatum.

It has produced a great impression upon the Porte, which, however, shows no disposition to modify the attitude hereto maintained, namely, repudiating the responsibility and seeking to diminish the importance of the matter. It is presumed the Porte's reply will be in this sense, and hence it is feared that the United States government will be obliged to take steps to enforce its demands.

Turkey's decision to send an officer to America to study naval construction is interpreted to be another sop. It is the revival of an old project to buy a cruiser in the United States, in the price of which the indemnity shall be included, so that the Porte will be able to say it has paid the indemnity.

## A Novel Proposition.

Washington, April 28.—Beydud the statement that Mr. Griscom, United States charge d'affaires at Constantinople, has been instructed to press vigorously for the payment of the American claims for indemnity, the officials here decline to divulge the nature of his instructions.

Novel though the proposition was from a diplomatic standpoint, yet it is regarded by the Porte to pay this American claim under cover of an order for a war ship to be built in the United States.

## LA FOLLETTE STILL SEEKING ADVICE

Probability Strong That He Will Announce Himself as a Candidate for Governor.

Milwaukee April 28.—There was another steady stream of visitors at Robert M. LaFollette's headquarters in the Plankinton house yesterday; so many, in fact, that Mr. LaFollette determined to prolong his stay in the city several days.

He said last evening that he would remain in today and tomorrow, and might possibly remain here still longer. He still preserves the same reticence however as to his intentions regarding his entrance into the gubernatorial race, and though the feeling is steadily gaining ground that the outcome of his Milwaukee visit will be his announcement as a candidate, Mr. LaFollette himself is not yet ready to make an announcement of his plans.

## INDORSED TOO MUCH PAPER.

Adolph Landauer of Milwaukee Falls with \$391,945.31 Liabilities.

Milwaukee, Wis., April 28.—Adolph Landauer today filed a personal petition in bankruptcy in the United States court. Liabilities are stated to be \$391,945.31, and assets \$289,944.99. The amount claimed as exempt is \$20,900. Of the liabilities the petition states \$254,355.77 should be paid by other parties. Mr. Landauer is manager of the Southern Agricultural works of Atlanta, Ga., but this concern is in no way affected. The cause for filing the petition is stated to be the indorsement of paper to a considerable amount. Mr. Landauer has turned over considerable money and property to his creditors.

W. Sylvester. These men are interested with Mr. Stilwell in the new line, and will remain in Kansas City until Monday, during which time the corporation to own and operate it will be formed. Holland capitalists are said to be the most ardent believers in Mr. Stilwell's ability to build the Pacific line.

## Kentucky Case Up Monday.

Ex-Chief Justice Pryor and Lewis McQuown, counsel for Beckham, left Saturday. John Marshall, republican claimant to the lieutenant-governorship, remains away from Frankfort, and there has been no acting governor of the Taylor government since Taylor left for Washington. It is being charged that Taylor has forfeited his rights as governor by the failure of Marshall to act.

## CLARK NOT "ENGAGED" AT ALL But the Gossips Are Busy Scheduling Him for Matrimony

Washington, D. C., April 28.—Senator William A. Clark of Montana, seems to be destined for the sake of furnishing sensational variety to become the most "engaged" man in the country. Yesterday two engagements were announced for him. They were with Miss La Chappelle, the handsome ward of the senator, and Miss Anna Mahon of St. Louis. As recently as last Friday Senator Clark was reported as having won the heart and hand of the daughter of the oldest widower senators, who hails from just beyond the Mississippi.

One who is closely associated with the senator says the story of his approaching marriage to his ward goes the rounds at least four times a year. She is the daughter of a dear friend, the late Dr. La Chappelle, and after his death Senator Clark educated the "smile" of children, and he is no more in love with this daughter than he is with the other daughters of the household.

Fight In Congress Next  
Week.

## FREE HOMESTEAD BILL

Republican Leaders Trying  
Their Best to Bring On  
Adjournment.

## PRIEST APPOINTED CONSUL

Washington, April 28.—[Special Telegram.]—The most important matter of legislation to come up in the house next week will be the Hepburn bill for the construction of the Nicaraguan canal and appropriating ten millions of dollars to begin the work.

The democratic minority report has been presented, providing for a fortification canal by the United States. Also a strong minority on the republican side is opposed to committing congress to any specified route until the report of the commissioners headed by Admiral Walker has been submitted.

## Lively Fight in Prospect.

The prospects are lively for a fight on this subject Tuesday and Wednesday. The chances are, however, that the bill will be passed by a fair majority on Wednesday night.

Thursday the "Free Homestead bill" providing that Indian lands be thrown open to settlement and that settlers be given patents under the existing law will be considered.

The Philippine bill is still unfinished business in the senate but it has not yet been determined whether Lodge will press it next week.

Wednesday Chandler will call up the Clark case which will soon be disposed of. Otherwise the program of the senate is unsettled, the republican leaders are divided as to the important bills to be considered.

They are trying their utmost to bring about an adjournment early in June and this means that the ship subsidy, army reorganization and Nicaraguan bill will be sacrificed.

## CANTILLON ASKS COURT FOR DIVORCE

FORMER JANESVILLE BOY GETS INTO TROUBLE.

Prominent Railroad Man Since Leaving the Bower City—Many Friends in Janesville Will Regret Much At His Present Family Complication—E. M. Hyzer Will Appear As Attorney.

William D. Cantillon, a former Janesville boy, who has for many years been connected with the Chicago & North-western railway, has instituted proceedings for a divorce from Julia Cantillon, in the superior court.

On an affidavit of Mr. Cantillon that Mrs. Cantillon was now living at Grand Rapids, Kent county, Mich., Judge Ludwig of Milwaukee, signed an order giving the plaintiff permission to either serve notice by publication or by letter. Edward M. Hyzer appears as counsel for the plaintiff.

The complaint is extremely brief, and simply sets up the necessary facts to constitute a cause for action. The pleadings set forth that Mr. and Mrs. Cantillon were married on June 19, 1890, in Milwaukee, and that they lived together until June 6, 1896, almost six years. At that time, however, she deserted him and went back to Michigan.

In an affidavit Mr. Cantillon interposes the statement that he has contributed to the support of his wife since her departure and has given her money and property to the amount of \$2,000. He asks an absolute decree of divorce.

William D. Cantillon left Milwaukee some months ago to take charge of the Winona and St. Peter branch of the Northwestern railway, as division superintendent, with headquarters at Winona. For several years previous to this charge he was the assistant superintendent of the Northwestern lines centering in Milwaukee.

## QUIET MARKET EAST MAKES DULL TRADE.

But Little Doing In Rock County By The Leaf Tobacco Dealers—Few Sales Made.

A quiet hunting of the remnants of the '99 crop which has been going on for several weeks past seems likely to continue while anything remains in growers' hands. The business is being done so quietly though that the trade is hardly aware of the transactions, which in the aggregate amount to a good many cases weekly. Says the Edgerton Leaf Tobacco Reporter. Some old leaf is selling but a quiet market in the East has a noticeable effect in business with local packers. Phil Bonn bought 101 cs. lot '99 of Peter Brictson of McFarland for the account of his Philadelphia house. C. L. Culton has sold about 200 cs of '98 B goods during the week.

A good deal of work is still in sight at the warehouse in handling bundle goods.

The growers have been busy the past week preparing their tobacco beds and probably the greater portion of the seed is now sown.

The shipments out of storage are declining, but about 8 carloads, 400 cases have gone forward from this station to all points for the week. Since last report 915 cs of cigar leaf were exported from New York.

## GANG ARRESTED HERE AGAIN SUSPECTED.

"Dad" Flynn, Fitzgerald and Others are Thought To Have Had a Hand In Robbing Bank at Monticello.

At Monroe it is the belief of officers that the four bank robbers who entered the bank at Monticello early Thursday morning are the same ones who were arrested at Janesville on suspicion of being connected with the Milton Junction bank robbery and who gained their liberty in a dash from the court room. Marshal Cal Broughton of Evansville saw the gang when they were in custody as also did Marshal Blunt of Monroe. Marshal Broughton says these are the same ones and his description of the three tallies with the photographs and descriptions of those in possession of Marshal Blunt.

The Janesville officers say there is not much doubt about the Monticello bank robbers being the same parties who were lodged in the Rock county jail.

## Story on the Stinky Man.

Here is the latest story on the man who is too stinky to take his home paper: "A man who was too economical to take this paper sent his little boy to borrow the copy taken by his neighbor. In his haste the boy ran over a \$4 stand of bees, and in ten minutes looked like a warty summer squash. His cries reached his father, who ran to his assistance, and failing to notice a barbed wire fence, ran into that, breaking it down, cutting a handful of flesh from his anatomy and ruining a \$4 pair of pants. The old cow took advantage of the gap in the fence and got into the cornfield, and killed herself eating green corn. Hearing the racket the wife ran, upset a four gallon churn full of rich cream into a basket of chickens, drowning the whole flock. In the hurry she dropped a \$7 set of false teeth. The baby, left alone, crawled through the spilled milk and into the parlor ruining a \$20 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens, and the calves got out and chewed the tails off four fine shirts."

## CARPENTER DEFEATS METROPOLITAN LIFE

Awarded Judgment In the Municipal Court, This Morning In the Sum of \$50 and Costs.

Ex-Alderman E. F. Carpenter was awarded judgment in the Rock county municipal court this morning in his action against the Metropolitan Life Insurance Company in the sum of \$50 and costs or a total of \$58.98.

The plaintiff alleged that defendants were indebted to him in the sum of \$50 for five months' rent, claiming that the company rented their office by the year. The defendants claim that no such contract existed and that they merely rented from month to month. The insurance company rented an office over Archie Field & Co's. dry goods store, which they occupied until they moved into the Hayes block. They paid for all the time they were there, but Mr. Carpenter claims they did not remain the year out.

A special to the New York World from Paris says: The California Commission dined the staff of the United States Commission to the World's Fair, twenty-six being present.

Everybody seemed determined to find what California Champagne could do, consequently the banquet was more than jovial. Major Ben Trueman was toastmaster. Commissioner Peck and Prof. Woodward told stories that made the guests howl with laughter.

Charles Simms, who was the only teetotaler, was the only member of either commission to appear at the office on time the next day.

IVORY SOAP PASTE.

In fifteen minutes, with only a cake of Ivory Soap and water, you can make a better cleansing paste than you can buy.

Ivory Soap Paste will take spots from clothing; and will clean carpets, rugs, kid gloves, slippers, patent, enamel, russet leather and canvas shoes, leather belts, painted wood-work and furniture. The special value of Ivory Soap in this form arises from the fact that it can be used with a damp sponge or cloth to cleanse many articles that cannot be washed because they will not stand the free application of water.

**DIRECTIONS FOR MAKING.**—To one pint of boiling water add one and one-half ounces (one-quarter of the small size cake) of Ivory Soap cut into shavings, boil five minutes after the soap is thoroughly dissolved. Remove from the fire and cool in convenient dishes (not tin). It will keep well in an air-tight glass jar.

## Death of Illinois Jurist.

Springfield, Ill., April 28.—Vincent E. Fay, a prominent jurist and politician of Christian county, died at his home at Taylorville of blood poisoning, aged 54. For four years he was editor and proprietor of the Taylorville Democrat.

## Impure Blood.

Impure blood is a deadly poison. It is blood that becomes charged with the refuse matter and the cast-off products of wasted muscles and tissues. It is blood that is filled with acids, blood that lacks oxygen, and blood that is starved and watery for lack of nourishment. Impure blood clouds the brain, irritates the nerves, disturbs the heart, retards the circulation and clogs up the lungs. It vitiates the appetite, interferes with digestion, destroys the complexion and fills the body with disease.

To cleanse this sluggish stream of contaminating, putrid poison, and transform it into rich, red, bounding life-fluid of health, it is necessary to open up every avenue for the elimination of impurities and force them out of the system. At the same time the appetite should be so stimulated and the digestion so regulated, that the healthful and nutritious substance of the food will take the place of the poisons that are driven out. Nothing yet discovered will do this so thoroughly and so well as

## THIS DAY IN HISTORY.

1710—Thomas Betterton, famous actor, died.  
1758—James Monroe, fifth president, born in Westmoreland county, Va.; died 1831. President Monroe in his message of 1823 declared that the American continents must thenceforth not be considered subjects for colonization by European powers and that European interference with governments in America which declared their independence of Europe would be regarded as unfriendly to the United States. This is the origin of the "Monroe doctrine." Not only the then existing republics, but republics which might spring up from European colonies, were to be included in the policy.  
1804—The famous old St. Charles hotel burned in New Orleans.  
1807—Colonel Jesse E. Peyton, known as "The Father of Confederates," died in Haddonfield, N. J.; born 1817.  
1808—Sampson's ships bombarded Spanish forts at Matanzas, Cuba. Spanish steamer Guito, from Spain, with shells of war for Spaniards in Cuba, captured by the United States monitor Terror.  
1890—Peace overtures of the Filipino insurgents rejected by General Otia.

## MR. WHITEHEAD'S CHANCES

The Milwaukee correspondent of The Chicago Inter-Ocean sends his paper the following dispatch:

Now that the crowds of stalwart politicians who came to the convention have melted away the local republicans who are deeply interested in the head of the next state ticket are picking up the driftwood. There is a little of everything in the mass, including expert opinions from men who know the state from Ashland to Beloit, that this or that man is sure to be nominated for governor. Going over everything that was said by the candidates for the nomination and their friends, one finds they are all hopeful but none more so than Messrs. Bradford and Whitehead. The latter's boom is of practically recent origin so far as newspaper discussion is concerned, but it can be said that there are many things about it that place him in a position of great prominence. His record in the legislature, his residence in the First district where LaFollette was once strong, and the fact that the leading men from the lake to the western limit of the district are enthusiastic for his nomination, are all counting. He is said to be a little weak at home but when his candidacy is well started abroad his neighbors who might not be particularly enthusiastic are expected to give him the necessary endorsement to secure recognition in the convention. Such practical and able politicians as Cham Ingersoll of Beloit, Judge Philo A. Orton of LaFayette, and Hiram Smith of Racine are pushing the candidacy of Mr. Whitehead. There could be no better proof that Mr. Whitehead is in the tight in earnest than the fact that these men spent much of their time while at the convention "boosting" the Janesville man.

## FIRST DISTRICT'S ACTION

Delavan Enterprise—At the First district convention for this county held at Elkhorn last Friday, resolutions indorsing the candidacy of Hon. J. M. Whitehead for governor was passed with much enthusiasm. The republicans of Walworth county know a good thing when they see it, and in Mr. Whitehead they see just the kind of a man they like. He is worthy of the vote of the state convention on the first ballot, and will have the support of this section to a certainty.

Delavan Republican—At the republican congressional First district convention held in Kenosha Tuesday afternoon Congressman Henry A. Cooper was renominated and resolutions were adopted endorsing the candidacy of John M. Whitehead of Janesville, for the nomination for governor.

Milton Telephone—By a rising vote the first district declared itself for Hon. John M. Whitehead for governor.

The Milwaukee correspondent of the Chicago Inter Ocean is mistaken when he states that Senator Whitehead is a "little weak at home." There is no opposition whatever to Mr. Whitehead at home and Janesville and Rock County people are unanimously in favor of their "home candidate." His local support is earnest and enthusiastic, and as he is making new friends throughout the state every day, and has scores of old ones, who delight to do him honor, the prediction is freely made that he will be the winner.

The Milwaukee Sentinel says that there has been no profit in the factional fight in the republican party. The Sentinel speaks wisely. Factional troubles should be buried and buried deep, and the best way to bury them is to nominate John M. Whitehead for governor.

Wouldn't it be a joke if both Clark and Quay were returned to the senate by the legislatures of their respective states?

The fact that Madison has just bought a pump that will raise 4,000,000

gallons of water per day naturally brings up the question—in Milwaukee—"What are they going to do with so much water?"

Miles Rice, of Milton, is a candidate for the republican nomination for the office of county treasurer, and the Milton Telephone speaks of his prospects as follows:

Miles Rice continues to meet with encouragement in his candidacy for county treasurer, which is encouraging to his friends about the county.

Peter Manypenny of Ashland, who tried to escape from a policeman by jumping from a train running thirty miles an hour, certainly belied his named—lacked sense, didn't he?

Mark Hanna is criticised for voting against Quay, but the same noise would have been made had he voted the other way, so doubtless Mark wastes no time in lamentation.

Admiral Dewey, however, has not yet had the opportunity of declining even a vice presidential nomination.

The crime of 1800—Dewey's attempt to debraynize the democratic party.

## BUSINESS SEEMS TO BE PROPER.

Agents of a Chicago Supply House Want to be Set Right.

The Clinton correspondent of the Gazette, in yesterday's issue made some reference to the operations of the agent of a Chicago supply house among the farmers in that section of Rock county. Now comes G. M. Mable, treasurer of the Chicago Supply Company, and the local agent of the company, J. T. Hennessy, and protest that if the article written by the Clinton man refers to their work it is doing them a gross injustice.

They show letters, references and transactions that would appear to stamp them and their business as legitimate and proper. They claim to do just as they agree in their sales of supplies and refer to a large number of Rock county farmers with whom they have done business for some time.

A very pretty custom obtains among certain classes by which the newly married pair starts a savings bank for the child yet to be. Every day a penny or a dime, as the case may be, is dropped into the bank.

to swell the fund, and this practice is kept up until the child is old enough to save for itself.

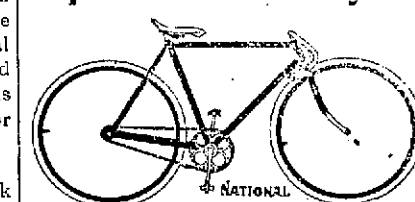

The parents have the right theory but they rarely carry it out to its broadest application. Every mother is perforce laying up for her child what money cannot influence—happiness or misery. The nervous mother will have a nervous child. The irritable and fearful mother cannot have a happy and cheerful child. In mind and body the child will reflect the mother's condition.

The best preparation for motherhood is made by the use of Dr. Pierce's Favorite Prescription. Its perfect control over the sensitive feminine organism gives it a natural influence over the mind. It banishes anxiety and fear. It does away with the misery of morning sickness. It gives vitality and elasticity to the organs peculiarly feminine, and makes the trial of motherhood easy and brief. It makes healthy mothers, capable of nursing and nourishing the babes they bring into the world. "Favorite Prescription" contains no alcohol, whisky or other intoxicant. Accept no substitute.

Mrs. Axel Kjer, of Gordonville, Cape Girardeau, Mo., writes: "When I look at my little boy I feel it my duty to write to you. Perhaps some one will see my testimony and be led to use your 'Favorite Prescription' and be blessed in the same way. This is my fifth child and the only one who came to maturity; the others having died from lack of nourishment—so the doctor said. I was not sick in any way and this time I just thought I would try your 'Prescription.' I took nine bottles and to my surprise it carried me through and gave me as fine a little boy as ever was. Weighed ten and one-half pounds. He is now five months old, has never been sick a day, and is so strong that everybody who sees him wonders at him. He is so playful and holds himself up so well. I would like to see this in print for so many have asked me, 'Do you think these are the testimonials of the people, or has Dr. Pierce just made them up and printed them?'"

Dr. Pierce's Pleasant Pellets cure biliousness.

## Young Bride Sues for \$20,000.

Kalamazoo, April 28.—Mrs. Charles Fletcher Church has brought suit for \$20,000 damages against her mother-in-law, Mrs. Stephen C. Church, for alienation of her husband's affections. Miss Mary Rich, the complainant, and her husband were brought up together in this city. The young man moved with his family to Waterbury, Conn., but later the son was sent here to attend Kalamazoo college. The result was a secret marriage with Miss Rich December 26, 1898. When the wedding became public the boy's parents came here, and a little later the boy left for Waterbury. He has never returned.

## CHURCH MEMBERS

TO VOTE TOMORROW

ON CONSOLIDATION OF LOCAL METHODIST CHURCHES.

Each Member of the First Methodist and the Court Street Methodist Churches Will Vote By Ballot—There Is Little Doubt But What the Majority Favor One Church.

The question of the union of the two Methodist churches is to be submitted tomorrow morning to the membership of both churches. A ballot vote will be taken, each member present putting his or her name with yes or no upon the ballot. The question voted upon will be that of union clear and simply, as the plan of procedure agreed upon is now withdrawn by mutual consent, and the plans of procedure will originate in joint action of some sort between the two quarterly conferences.

At a meeting held last night at First church, many of the members of both quarterly conferences being present, it was thought best in view of some objections to the plan of union already adopted to drop that entirely and to find out the true feeling of both societies on the mere matter of union.

It is believed that the vote for union will carry by a strong majority in both churches; but of course that remains to be seen.

In the evening there will be a union meeting of both churches in the First Methodist church. Rev. Walter A. Hall, pastor of Court Street church will preach on some phase of the great question of unity. The two Epworth Leagues will unite in a union meeting at 6:30 p. m. The evening service will begin at 7:30 p. m.

Seek for Trace of Murderer.

Athens, Ill., April 28.—It is believed here that Robert Carter was murdered, robbed and thrown into one of the abandoned mines in this vicinity.

He came to Athens two months ago from Kentucky to visit friends, and in a few days disappeared and has not been seen or heard of since. He had about \$50 in his pockets. A posse has been organized and is now searching some of the abandoned shafts for his body.

Upholds the Barrett Law.

Indianapolis, Ind., April 28.—The Indiana Supreme court has affirmed the constitutionality of the Barrett improvement law. The title of the case was Thomas B. Adams against the city of Shelbyville. The suit was to enjoin the city from making a street improvement in front of Adams' property. The Supreme court, while upholding the law, reversed the decision of the lower court and granted Adams an injunction.

Dunsmuir's Widow Is Out On.

San Francisco, Cal., April 28.—The will of the late Alexander Dunsmuir, the coal mining man who died in New York, was filed for probate here. It names James Dunsmuir, a brother, as sole heir and executor. Mrs. Wallace Dunsmuir, the widow, is not recognized, though her widowship is acknowledged in the petition for probate. The estate is valued at nearly \$1,000,000 and consists of property in Victoria, B. C., and in this city.

## WATCH YOUR WATCH!

The balance wheel of a watch is moved one and forty-three one-hundredths inches with each vibration, or 3558 miles continuously in one year. It does not take a large can of oil to furnish lubrication for this 3500 mile run. It just requires one-tenth of a drop to oil the entire watch for a year's service! BUT IT HAS MIGHTY GREAT NEED OF THAT ONE-TENTH OF A DROP.

Has your Watch had the attention necessary to insure its keeping time and preserve it against wear by friction after that oil is worn out? Watches entrusted to us are given a careful and intelligent handling.

## MANY SOLDIERS NEEDED

To Keep the Free-State Clear of the Boers.

ROBERTS' PLANS ALL FAIL.

For the Commandoes Escape with the Transport Service—Credit for Enemy's Success Given to Gen. Botha—London, Expects to Hear of Severe Fighting.

London, April 23.—In Commandant Gen. Louis Botha the Boers appear to have found a capable successor to Joubert. As a result of his insight and quick decision it may be assumed now that the retreating commandoes have gotten safely away with the transport. It is true that Lord Roberts' dispatch leaves much unsaid as to the whereabouts of other forces than those of Gen. French and Gen. Rundle. Nothing is said about the troops of Gen. Brabant, Pole-Carew, Hart and Chermiside, but the indications from Aliwal North show that several small commandoes are still hovering in the vicinity of Springfield, causing a certain amount of danger, and the advice from De Wet's Dorp outlining the duties of Gen. Chermiside justify the conclusion that it will still be necessary to employ a considerable body of troops to keep the Free State clear of Boers.

### Big Battle Is Imminent.

London, April 23.—Presumably the British are on the verge of severe fighting in the neighborhood of Thabanchu. The hope of overtaking and intercepting the Boers, who are retreating from Wepener and Dewetsdorp, has been practically abandoned.

London critics generally expatiate on Lord Roberts' "brilliant strategy" and the general's "masterly execution" of his plans, though the main object of the recent comprehensive movements, in which between 40,000 and 60,000 troops were engaged, appears to have failed.

However, from a British point of view satisfaction is undoubtedly warranted, as the British field marshal has succeeded in clearing his rear and right flank.

The Manchester Guardian grieves over what it calls the disappointing outlook in the Orange Free State. It says: "Nothing substantial can be pointed to as the result of our six weeks' operations in the Orange Free State. The house of commons meets in a mood of despondency and even bitterness against the management of the war."

It has lately been stated that the Boers are planning to abandon Pretoria and to take up a defensive position in the Lydenburg district. Defensive positions in that region were chosen early in the war, but it is doubtful if that idea excludes the defense of Pretoria. It is believed probable that the capital will be held as long as possible by a comparatively small force, while the main Boer army devotes itself to breaking communications, blowing up culverts, cutting off convoys and detachments.

Military men say that 50,000 troops will be necessary to guard the communications between Bloemfontein and Pretoria.

### Elopes with a Girl of 13.

Indianapolis, Ind., April 23.—Henry Brokaw, aged 45, and Essie McAllister of this city, aged 13, eloped to Jeffersonville and were married. Letters were found here written to Brokaw from L. P. Wardner, a justice of the peace at Jeffersonville, telling him he would have no trouble to get married there, as there were "plenty of fellows around who would swear the girl was of age." Gov. Mount is preparing to have the justice impeached.

### Dead with an Ax Beside Her.

Muncie, Ind., April 23.—Mrs. Cadis Sutton, living a hermit a few miles from here, though having an income of \$6,000 from oil wells, was found dead with an ax on the bed beside her. She always feared robbers, but never kept sums of money in the house. Her husband has been dead twenty-two years. Since his death she has lived on the farm. Death, it is believed, was due to natural causes.

### Life Imprisonment for Lamb.

Chicago, April 23.—A jury in Judge Baker's court brought in a verdict of guilty in the case of Charles D. Lamb, who shot and killed his father-in-law last December, and fixed his punishment in the penitentiary for life.

## WINE OF CARDUI

### THE LINK THAT BINDS.

JACKSON, TENN., NOV. 28.  
 I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

### WINE OF CARDUI

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

Large Bottles for \$1.00 at Druggists.

## "Housework is hard work without Gold Dust"

### Washing Dish Cloths

Kitchen cloths must of course be washed daily, otherwise they harbor grease and odors and become unhealthy. They should be made of knit-cotton, in a square of suitable size. When you wash them, if you will add a tablespoonful of

### Gold Dust Washing Powder

to the hot water it will cut the grease and clean them in half the time; dry them out in the sun, shine and air.

## AN EASTER PARTY.

Some Unique Suggestions Furnished by Geneva March.

Geneva March, writing in April Woman's Home Companion, makes the following suggestions for an Easter party:

The invitations should be written on a heavy quality of light, old red cartridge paper and tied with willow green rope silk and sealed at the place of tying with deep mahogany sealing wax. Extending from the upper left hand corner to the lower right hand corner in fancy lettering should be the words: "Who will sing an Easter carol? O pussy willow?" At the left side, a little above the center, should extend a row of six or seven cats, done in crayon or water colors, with their backs showing and long, straggly tails hanging down, every succeeding cat on the right growing smaller. Below this in the open space the invitation should be written.

There should be a border of pussy willow and cat-tails done in oils or water colors around the invitation. The paper should then be folded over to about the size of a very large postal card, the silk cord put in place, the wax put on, and the address written on the outside of the invitation. The house decorations should consist of pussy willow and cat-tails, with lilies banked or in jardiniere. There should also be nests of colored eggs, some downy chickens and rabbits (cotton flannel ones) in unexpected places. Refreshments may be as for any party.

## BRAZIL'S BIG CELEBRATION.

Arrangements to Commemorate the Landing of Cabral.

The minister of marine, Admiral Pinto da Luz, has given orders to the entire fleet to be ready to participate in the commemoration from May 3 to May 6, inclusive, of the discovery of Brazil in 1500, and all private vessels and boats of all descriptions will be invited to assist in the naval review and the regattas.

A bronze statue of Pedro Alvarez de Cabral, who was driven upon the Brazilian coast by a tempest in April, 1500, and who called it the Land of the Holy Cross, will be unveiled at Bahia on May 3, says the New York Times. It is of heroic size. One of the faces of the pedestal is reserved for his name and the date of his landing. The others bear representations of the first mass in Brazil, the elevation of the cross and the ships of the discoverer.

A special jury has been selected to pass upon musical compositions submitted for the commemoration ceremonies. A new series of postage stamps will be issued with a design descriptive of the landing of Cabral. The announcement that the proposal of the Lisbon Geographical society to raise a monument to Cabral will not be carried out for want of funds has caused considerable disappointment at Rio de Janeiro.
